

QtWidgets::QMainWindow

```
classDiagram
    class QMainWindow["QtWidgets::QMainWindow"]
    class UIMenu["ui.UIMenu"]
    QMainWindow <|-- UIMenu
```

The diagram illustrates a class inheritance relationship. At the top, a white rectangular box with a thin grey border contains the text "QtWidgets::QMainWindow". Below it, a grey rectangular box with a black border contains the text "ui.UIMenu". A solid blue arrow points vertically from the top of the "ui.UIMenu" box to the bottom of the "QtWidgets::QMainWindow" box, indicating that "ui.UIMenu" inherits from "QtWidgets::QMainWindow".

ui.UIMenu
